

New Source Review newspaper advertisements for construction permit applications October 11, 2020. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on the following dates: October 12-14, 2020. Public notices are generally published every week. The previous publication of public notices was October 06, 2020.

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (615) 532-0207. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

HEADER

The applicant is Waupaca Foundry, Inc. Plant 6 with a mailing address of 134 Waupaca Drive, P. O. 510, Etowah, TN 37331. They seek to obtain an air contaminant permit (Division identification number: 54-0174/978533) for increasing the process rate for the core machines under Source 20 located at the same address. This existing operation consists of several coldbox core making processes. The core machines are controlled by a common packed bed scrubber with circulation of sulfuric acid liquor. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. S. Deloach is the assigned Division person.

PUBLIC NOTICE and PUBLIC MEETING NOTICE

The applicant is Summers-Taylor Materials Company - Unicoi Asphalt Plant No. 4 with a mailing address of 300 West Elk Avenue, Elizabethton, TN 37644. They seek to obtain air contaminant permit

from the Tennessee Division of Air Pollution Control (TDAPC) for the construction of a Drum Mix Asphalt Plant Operation located at 320 Bill Garland Road, Unicoi, TN 37692. The proposed Drum Mix Asphalt Plant is to replace the existing Batch Mix Asphalt Plant (Division identification number: 86-0042-00/464648) located at same location as follow:

- 1) Drum Mix Asphalt Plant (Division identification number: 86-0094-03/978205). This proposed operation would consist of a double drum mixer, asphalt cement storage, crushed aggregate storage piles, reclaimed asphalt pavement (RAP), and associated equipment used to produce hot mix asphalt (HMA). Natural gas and No. 2 Fuel Oil would be used as fuel. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source.
- 2) Stationary Generator Engine (Division identification number: 86-0094-04/978205). This proposed operation would consist of a generator with an 831 hp diesel fuel fired engine and associated equipment used for generating power to the Drum Mix Asphalt Plant. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned TDAPC permit writer.

The proposed construction is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations (TAPCR), which requires a public notification and 30-day public comment period.

Public Meeting Participation Instructions

A public meeting will be held by the TDAPC pursuant to TAPCR 1200-03-09-.01(1)(h). The public meeting will be held to discuss the technical and regulatory air pollution-related issues concerning the permitting of the Asphalt Plant. The meeting will have a question and answer format and will include a presentation on the proposed permit action by TDAPC staff. This public meeting is being conducted via video-teleconference in the interest of protecting public health, safety, and welfare in light of the coronavirus.

The public meeting will be presented online by TDAPC, via a WebEx conference on Tuesday, November 17, 2020, at **6:00 p.m. Eastern Standard Time (EST)**. The videoconference will open to participants at **5:45 p.m. EST**. Participants may join by computer online, via the WebEx app, or by phone. Participants are highly encouraged to join by computer online or with the WebEx app in order to view the presentation and other content, which will be shared by TDAPC.
